

A fine collection of movers and shakers.

They'll all be there. From hot start-ups to the industry giants. On September 26, 2001, Canada's information technology leaders will be recognized at a national awards gala event like no other – the Branham Awards.

This year, the Branham Awards Gala Evening is taking place at the National Gallery of Canada in Ottawa. The event will be hosted by Ron MacLean, sports broadcaster extraordinaire, and will include a five-course, five-star meal and an entertainment program featuring four great acts.

For tickets, contact OCRI at www.ocri.ca/en/events/event_registration.asp
